COUNTESS TOLSTOI WRITES.

SHE ATTEMPTS TO SHOOT.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, March 10.—(Exclusive Dispatch.) Advice from Moscow, dated March 10, is received to the effect that Countess Tolstoy has written a long letter to the "Petrograd" of the Holy Synod, protesting against the action of the Countess. The Countess says: "Now that, owing to this document, the spiritual death of my husband follows, that is God's concern, not man's. The life of the soul, thank heaven, is now in the jurisdiction of the powers that be, but when I see this communication delivered by the church to which I belong, established by Christ in order to hallow the solemn acts of a man's life, whose mission it is to proclaim the law of charity, the remission of sins and love our enemies, whose duty toward all is to pray for all, then I am at a loss to understand it."

She proceeds to condemn another mad step taken recently by the synod, namely, the secret order forbidding priests to perform the rite of burial in the event of the Countess's death, and concludes by denouncing those whom she regards as her husband's persecutors as renegades, who proudly place themselves at the head of the church and who break this law of love and humility, and who have behaved like spiritual executioners.

DUBLIN, March 10.—(By Atlantic Cable.) Volleys of oranges were thrown by the students of Trinity College at Lord Mayor Harrington, the new Lord Mayor of Dublin, as the inaugural procession passed the college today. This was the only hostile demonstration on the occasion of Harrington's inauguration as Lord Mayor. The police prevented the people in the procession from storming the college inclosure.

STORM IN PORTO RICO.

Heavy Rain and Wind at San Juan—Damage Probably Heavy in the Interior of the Island.

(BY THE NEW ASSOCIATED PRESS.—P.M.)

SAN JUAN (Porto Rico), March 10.—(By Atlantic Cable.) A heavy storm prevails here. Two inches of rain fell last night in two hours. The wind is blowing thirty-one miles an hour from the northwest. The rain ceased at daylight, but the wind still continues. The railroad is tied up by serious washouts. Telegraphic communication with the north and west shore is partially interrupted. The damage done by the storm is unknown. The storm is undoubtedly more severe in the interior of the island.

BLUE LAWS A FAILURE.

CHICAGO, March 10.—After one Sunday's trial, East Chicago, Ind., gave up the blue-law town. Yesterday everything in the town was "wide open" in spite of the promise made a week ago by Mayor Marshall Patterson that not even milk wagons and street cars should be allowed within the limits on Sundays. The rigid Sunday-closing put in force a week ago yesterday, raised such a storm of protest that the municipal officers decided against pressing the crusade now. The Law and Order League, however, wants "cheaper" than the law, and promises further action along the line.

PROTEST BY UNCLE SAM.

Venezuela Must Remove Her Hands from Our Consular Agent.

(NEW ASSOCIATED PRESS.—P.M.)

WASHINGTON, March 10.—Through Minister Loomis the State Department recently lodged a most vigorous protest to the Venezuelan government against further interference with Mr. Baiz, the United States consular agent at Barcelona, Venezuela. It knows nothing of the last reported infringement of his liberty, but it is presumed the affair is connected directly with the troubles which led to the first protest.

Ignacio M. Baiz is not a citizen of the United States, a fact that may lead to the difficulty which our government will experience in protecting him, as it is determined to show that he was born in St. Thomas and is a Danish citizen, so far as is known here, but having an exequatur issued by the Venezuelan government recognizing him as a United States consular agent, the State Department has decided that he is entitled to the protection of the United States government. It appears that he is engaged in business and became involved in trouble with Venezuelan military by resisting an attempt to collect a forced loan from him.

More than a month ago the State Department forwarded its instructions to Minister Loomis to represent to the Venezuelan government that such annoying interferences with our official must cease, but so far no results have appeared.

(BY THE NEW ASSOCIATED PRESS.—P.M.)

LONDON, March 10.—Hugh Gough Arnold, Parliamentarian Secretary of the Admiralty, explained the naval proposals of the government. Their object, he said, was to maintain the status quo in the event of the Countess's death, and concludes by denouncing those whom she regards as her husband's persecutors as renegades, who proudly place themselves at the head of the church and who break this law of love and humility, and who have behaved like spiritual executioners.

LI SING MUST GO.

IMPORTANT LEGAL RULING.

WASHINGTON, March 10.—The United States Supreme Court today announced, through Justice Shiras, its opinion in the case of Li Sing, a Chinaman who was taken into custody at Malone, N. Y., in 1897, on the ground that he had secured admission to the United States on fraudulent pretext. Li Sing left this country in 1898, having previously to that time resided in the State of New Jersey. He carried with him a certificate from the Chinese Consul at New York, stating that the holder was a merchant. His arrest was made upon the ground that he was not a merchant, but a laborer.

The United States commissioner began the case by stating that he had investigated the matter, and found the charge to be based upon fact. He stated that the United States Bank of New York had issued a decree that the man should be deported, and that the United States courts on a petition for a writ of habeas corpus, had granted it. The commissioner then stated that he had received a letter from the Chinese Consul at New York, stating that the holder was a merchant. FOR THE WHITE FUND.

Contributions Received from Mem-
bers of the State Assembly—Tributes
from Other Sources Yesterday.

The Executive Committee having in
charge the collection of the Stephen
M. White memorial fund, met in the
afternoon. The following letter, writ-
ten by Assemblyman Frank James
from Sacramento, was read:
"Hon. M. F. Snyder, Chairman
Stephen M. White Executive Com-
mittee—Dear Sir: I hand you herewith
\$175 collected by me as chairman of
the Assembly Committee appointed to
solicit subscriptions from the mem-
bers of the Assembly. The amount was
irrespective of party affiliations, every
one of whom expressed the highest es-
timate of the mind and worth of the
deceased. The fund now being raised
by your committee. I inclose a list
of the names of contributors.
Sincerely yours,
FRANK JAMES."
The auxiliary committee at San
Pedro was reorganized as follows: John
Julius Sierck, chairman; Fritz Weidwald,
Weldon M. J. McDermott, George H.
Peck, Aurelio Sepulveda, R. D. Sepul-
veda, Ernest Glatstad.

A letter was received from George
W. Marton, chairman of the auxiliary
committee at San Diego, inclosing a
personal subscription of \$25. Mr.
Marton writes:
"For myself, I wish to say that I
have a profound admiration for the
splendid abilities and nobility of
heart and mind of the late Stephen
M. White. It is eminently fitting that
the whole state should join in the
erection of an enduring memorial."
A letter inclosing the late Sena-
tor's receipt from John R. Mathe-
wson, inclosing \$25 for the fund.
The receipt was from John R. Ma-
thewson, who is making a brief visit to
the city, will confer with the com-
mittee regarding the erection of the
monument to be made among the law-
yers of San Francisco.

Dr. Harrison & Co.
The American Circulating Library.
LOS ANGELES, March 17.—(To
the Editor of The Times.) The cor-
respondent of the Church Periodical
Club has recently received a letter of
acknowledgment from the correspond-
ing secretary of the American Library
for the four boxes of literature weigh-
ing half a ton, which were shipped to
Manila last October, and in which
many of your readers took a practical
interest. Mrs. F. R. Day says in part:
"We, of course, feel gratified with the
result of our efforts, and heartily
praise the library's success. We are
constantly receiving letters from
the different garrisons to whom we
ship boxes of books, telling how wel-
come such shipments are, and how
eagerly they watch for them. Of
course we can appreciate all this, as
we know something of the hardships
endured by our troops, particularly at
the more remote points. We feel very
grateful to our friends and co-workers
in our own country for what they have
done and are still doing."
"We have many times thanked Gen.
Harrison Gray Otis for the interest he
has shown in the library, and we owe
him a great many additions to our
library, as his appeal in the Los An-
geles Times was acted upon and
brought several responses in material
contributions."
"We make mutual exchanges with the
Hospital Aid Society. Mrs. Page is
now president, as Mrs. Liscum has
long since resigned—after her loss
in China."
Some of the contributors of the C. P.
Club are sending papers each week to
the library for our faraway soldiers,
while others mail periodicals every
month, thus sending fresh current lit-
erature to allow me to suggest to your
readers that they should follow this
example, and that no doubt several
copies of the magazine part of the Los
Angeles Times Sunday edition would
be most acceptable.

There was never a man who came to Los

see this man or meet him on the street would
hardly take him to be the remarkable man he
really is, or think he has the power of doing
what he really has done, for the cures he has
performed in Los Angeles are the most re-
markable things that have happened here in
recent years. From the first day he came to
the city up to the present time his office has
been crowded from early morning until late at
night. There are those who have come to him
who are totally blind, and to whom a ray of
light had not been visible for many years, but
now they are able to see clearly, as a result of
Abbo's wonderful cures.
